Subject: Update - Groundbreaking for Vermont Ave Project
Date: Friday, September 16, 2016 1:26:46 PM

Hello Jeff & Aram,

We are still working with the Contractor to get the Worksite Traffic Control Plan (WTCP) approved. It has taken the sub-contractor a little more time than we expected to make correction on the plans. We are expecting a re-submittal of the updated plans to our Department by next week. If the sub-contractor has addressed all the corrections. Our Department will be ready to approve the plans. If all of this goes as planned we should have an approved set of WTCPs for this project in two weeks. We should then be looking at potentially have a groundbreaking ceremony within the first two weeks of October. I will keep you posted as we get closer to the final approval on the WTCPs.

Thanks and have a great weekend.
